

04-2024

Dear Ladies and Gentlemen,

We would like to thank you for visiting our stand at
Coiltech 2024 in Augsburg.

It was a pleasure to present our latest products and innovations to you. Your interest and feedback are invaluable to us and encourage us in our pursuit of the highest quality.

We are pleased to inform you that we will be exhibiting at the **Coiltech trade fair in Augsburg** from **20 March 2024 to 21 March 2024**.

We present our extensive know-how in the field of resistance welding and brazing technology. Especially in the field of connecting enameled copper wires for coil and motor production, we can offer you individual and consistently good products as well as customized system solutions.

We would be pleased to welcome you personally at our exhibition stand in **Hall 2 Stand G43**.

You can use the following link to pre-register online and download the voucher for your free admission ticket.

A start-up in a garage as a guarantee for success?

For LINGL Schweißtechnik, this kind of start in Andechs in 1999 obviously proved to be a good omen. After the move to Maisach in 2002, 18 years later the spatial capacities were once again completely exhausted. 2020 was the next phase for the expanding company. Our new company premises were built just 3.5 kilometres away. To everyone's delight, the Maisach site was retained. Our new production and administration site from design to reality:
